

THE PRESERVE AT LAKE THOMAS

Trash and waste pick-up service

Trash, recycling and yard waste pick-up for the Preserve at Lake Thomas is furnished by Waste Connections of Florida, a private contractor under contract with the Homeowner Association.

- A.** Solid waste & yard debris collections are twice weekly, on Tuesday & Friday.
- B.** Recycling in separate containers is collected by separate truck the first (1st) and third (3d) Wednesday of each month and must be left at the curb no later than 6:30 AM on collection day. Accepted items include plastics # 1-5 and #7, glass, aluminum, and paper/cardboard, loosely put in a container. Cardboard boxes must be broken down, flattened and stacked.
- C.** Collections will begin no earlier than 6:00AM.
- D.** A total of six (6) items can be put out on the trash pick-up days inclusive of trash cans, bags, or bundles under 50 lbs each. Total material should not exceed 3 cubic yards.
- E.** Individual brush and tree branch bundles must be cut to 4 foot lengths, tied together, and not exceed 6 inches in diameter. Grass and leaves must be in containers or bags.
- F.** All packing boxes and materials will be collected from new residents on regular collection days and presented for pickup as required in paragraph B above.
- G.** Bulky items will be collected at no additional charge provided that said material is able to be loaded into contractor's truck, and its acceptable material for the Pasco County incinerator.
- H.** Items to be excluded from collection are, tree stumps, tires, auto batteries, concrete, blocks, bricks, paints, chemicals, flammable liquids, explosives, biomedical waste, and other material deemed unacceptable by Pasco County Solid Waste Authority.
- I.** Appliances will be collected separate from regular trash at a rate of \$10.00 per item. Customer must arrange for pick-up and is responsible for charges.
- J.** The contractor collects all allowable waste that is set curbside on collection day and should leave area in a clean and generally safe condition.
- K.** The contractor should return customer's receptacles to the driveway or grassy area adjacent to the driveway, and not leave receptacles in the street or area unacceptable to the community at large.
- L.** The contractor will not be responsible for collection of trash or recyclables from any homes of which the roadways are deemed impassable by the contractor due to construction, obstructions, or weather. Uncollected trash or recyclables will be collected on the next scheduled collection day.
- M.** The contractor's schedule holidays are Thanksgiving, Christmas, and New Year's Day. Should any of these holidays fall on a collection day, there will be no collection made. Collection will resume on the next scheduled collection day.
